PROFESSIONAL SUMMARY

Computer Science and Engineering student available for project-based freelance Data Analyst work. Can support data cleaning, data validation, SQL analysis, Excel reporting, KPI tracking, and dashboard development. Hands-on with Python, MySQL, Excel, and Power BI. Built two reproducible portfolio projects using 720 synthetic retail order lines and 480 synthetic support tickets, with SQL queries, validation checks, and interactive dashboards. Documents assumptions and provides reviewable outputs for business and operations reporting.

TECHNICAL SKILLS

Data Analysis: Data cleaning, data validation, exploratory data analysis (EDA), data quality, KPI reporting, data visualization, business reporting

SQL and Databases: SQL, MySQL, DBMS, joins, filtering, aggregation, queries, Supabase

BI and Programming: Excel, Power BI, Python

Freelance Analytics: Spreadsheet analysis, SQL reporting, KPI tracking, dashboard development, report documentation

Web & Tools: HTML, CSS, React, Next.js, Node.js, Tailwind CSS, APIs, Git, GitHub, VS Code, Vercel

AI & Data Quality: Data Annotation, Data Labeling, AI Response Evaluation, Content Evaluation, LLM Interaction, Prompt Engineering, Instruction Following

PROJECTS

Retail Revenue and Margin Explorer | SQL, Python, HTML, CSS, JavaScript

- Analyzed 720 synthetic retail order lines with SQL and Python; reported INR 11,30,163 sample revenue and 32.9% gross margin with monthly, regional, and category breakdowns.
- Built an interactive dashboard with KPI summaries and filters; checked quantity and profit calculations and documented queries and reproducible data generation.

Support Ticket SLA Quality Monitor | SQL, Python, HTML, CSS, JavaScript

- Analyzed 480 synthetic support tickets; measured 77.1% sample SLA compliance and 20.0-hour median resolution time across priorities and categories.
- Built SQL summaries and an interactive dashboard with priority and category filters; checked for inconsistent SLA flags and documented assumptions.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering

Dr. Ram Manohar Lohia Avadh University, Uttar Pradesh | Currently pursuing, 4th Year

Relevant coursework: Database Management Systems, Data Mining and Data Warehousing, Python, Data Structures and Algorithms, Object-Oriented Programming, Computer Networks

LANGUAGES

English | Hindi
